

BGB48-BQR  
**48" Built-in Grill  
 & Side Burners**

Fisher & Paykel DCS outdoor Grills are designed to complement any outdoor environment. Whether it's fully built-in integration or the flexibility of a Grill cart, the DCS range takes performance to a new level. The 48" Grill with Side Burners combines precision-ported Stainless Steel burners with Ceramic Radiant Technology and Double Sided Cast Stainless Steel Grilling Grates. In addition the heavy duty Dedicated Infrared Rotisserie is perfect for outdoor roasting.

## Dimensions

Depth	676mm
Height	Ⓐ 616mm
Width	Ⓑ 1217mm

## Features & Benefits

### 9 Volt Battery Ignition

9 Volt battery ignition ensures safe and efficient igniter action and grill lighting every time; unlike often unreliable basic piezo electric systems.

### Patented Grease Management System™

The Patented Grease Management System™ reduces flare-ups by channelling grease away from the burner flames during grilling.

### Double-sided Cast Stainless Steel Grilling Grates

Double Sided Cast Stainless Steel Grilling Grates - deliver perfect sear lines at the same time as channelling away oil to an easily removable capture tray. Grates feature one side with a gentle radius for support and handling, while the other side is W shaped for maximum grease capture, while leaving perfect sear lines.

### Robust Construction

Strongly engineered and incredibly detailed. Featuring heavy grade 304 Stainless Steel throughout, with welded & polished seams, heavy duty fittings, handles and controls. All intended to be the last grill anyone will need to purchase.

### Rotisserie

Dedicated Infrared Rotisserie Burner - provides controlled searing heat. The heavy duty Rotisserie Motor with Stainless Steel hexagonal rod and adjustable forks can accommodate a 25kg load.

### Smart Beam™ Grill Light

Smart Beam™ Grill Light - illuminates the entire cooking surface for perfect night grilling. A 40 watt halogen light is integrated into the patented weather proof rotisserie motor, making it easily accessible and ergonomic.

### Stainless Steel Burners

Another example of our intense focus on quality & performance; the precision ported U-Shaped Stainless Steel burners are rated at a massive 27 MJ/h each.

## Specifications

### Burner Ratings (Natural gas)

Grill burners	27 MJ/h
Integrated Side Burners	14.5 MJ/h
Integrated rotisserie burner	14 MJ/h
Regulator pressure	1 kPa
Total nominal gas consumption	124 MJ/h

**Burner Ratings (Universal LPG)**

Grill burners	26.5 MJ/h
Integrated Side Burners	14.5 MJ/h
Integrated rotisserie burner	16.5 MJ/h
Regulator pressure	2.75 kPa
Total nominal gas consumption	125 MJ/h

**Burners**

Grill burners	3
Integrated Side Burners	2
Rotisserie	1

**Measurements**

Primary cooking area(grill)	0.41 m <sup>2</sup>
Secondary cooking area (warming rack)	0.15 m <sup>2</sup>
Side burner cooking area	0.16 m <sup>2</sup>
Total cooking area	0.72 m <sup>2</sup>
With rotisserie motor mounted	H616 x W1381 x D676mm
With the grill hood up	H880 x W1217 x D718mm
Without rotisserie motor mounted	H616 x W1217 x D676mm

**Performance**

304 grade Stainless Steel burner tubes	•
304 grade Stainless Steel gas manifold	•
9V battery ignition	•
Available in built-in or on cart applications	•
Available in natural gas or LPG	•
Ceramic radiant technology	•
Designer metal control knobs	•
Double sided Stainless Steel grilling grates	•
Full surface searing across entire grilling area	•
Grease management system™	•
Removable Stainless Steel warming rack	•
Rotisserie system	•
Smart Beam™ grill light	•
Speed of rotisserie	6 rpm
Stainless steel drip tray	•
Weight rotisserie can handle	25 kg

**Warranty**

Manufacturer's warranty	2 years
Stainless Steel grill burners and all cast alloy parts	2+3 years
Stainless Steel grill cover, burner box, cooking grates, grill racks	2+13 years
