Multi Drawer Series

ENDLESS INTUITIVE FEATURES

Versa Drawer

The Versa Drawer offers the ultimate functionality in preserving food quality without losing moisture and taste. The Versa Drawer has two main modes, Supercool Freezing and Soft Freezing, with the built in LED Sensor giving you the choice for hot freezing.

Vegetable Drawer

VitaLED lighting system slows down the wilting process, keeping fruit & vegetables crisper and fresher for longer. The vegetable drawer features a tray at the top which is ideal for storage and organisation of smaller items such as fruit.

Freezer Drawer

Divided by a Sliding Tray at the top that can be pushed back to reveal the rest of the freezer drawer. The Freezer Drawer is roomy enough to fit bulky items such as ice cream tubs, loaves of bread and frozen vegetables. The top tray is ideal for storage and organisation of flat pack items such as meat packs.

Supercool Freezing

Ensures food is frozen evenly, minimising cell destruction, preserving its freshness, texture and locking in maximum flavour.

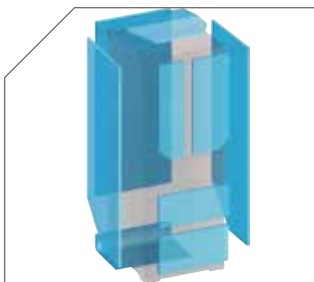

Automatic Ice Maker

As there is no separate plumbing connection required, the fridge can be placed anywhere, not just near existing pipeworks. Simply fill the removable water tank and the Ice Maker is ready to go!

Separable Shelf & Two Way Flexi & Glass Shelf

This two part glass shelf slides back easily to halve its size, allowing taller items to be stored at the front of the refrigerator compartment. (MR-WX743)

Smart Cube / VIP

This design features highly advanced Vacuum Insulated Panel technology. This allows for maximum food storage while maintaining a slim, sleek profile.

Energy Rating

Achieving a 3.5 star energy rating, one of the highest for a refrigerator of this capacity (according to a comparison on energyrating.gov.au 08/04/2015). The higher the energy rating, the lower the power consumption costs will be over time.

Supercool Chilling Case

The Supercool chilling function is ideal for storing meat, fish, or other perishable food without freezing it, at about -3°C to 0°C. This provides the convenience of food ready to cook without the need to defrost it. (MR-WX743)

Soft freezing at around -7°C making easy cooking

Easy to cut

Easy to divide

The L4 Series is designed for larger living. With an internal width of 800mm, this refrigerator provides you with maximum storage capacity for grocery types of any size, ensuring you will never be caught short of space.

Available in two sizes 710 and 650 litres catering for various kitchen sizes. The L4 series features an ergonomic four-door layout designed to reflect the most frequently used fridge spaces. The L4 Mini (650L) is designed with a reduced height, to easily fit into a French door cavity with overhead cupboards.

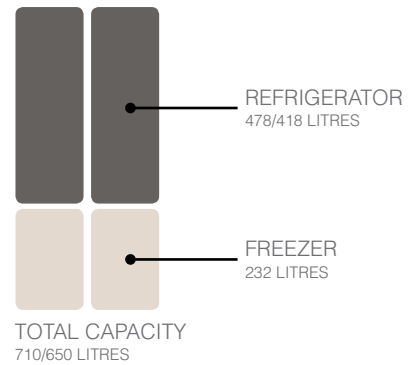

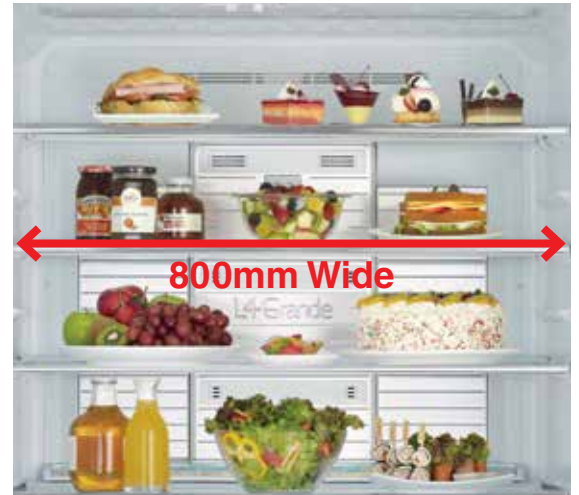

MR-L710 / MR-L650 FEATURES

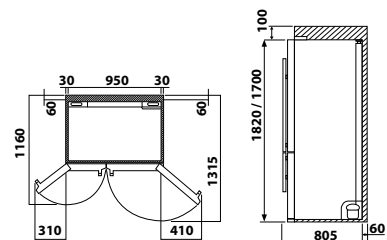

- » Twin Fan Multi Air Flow
- » Frost Free
- » Anti-Bacteria Food Liner
- » Utility Case
- » Ice Box

Providing more usable space for items such as bulky groceries and platters

MR-L710 - HT : 1820 mm
MR-L650 - HT : 1700 mm

The L4 Series features the Inverter technology, which automatically adjusts the temperature and operation, resulting in a higher efficient refrigerator.

Memorises the household's usage patterns through various time frames to automatically operate the most optimal conditions by microprocessor.

L4 Series

DESIGNED FOR LARGER LIVING

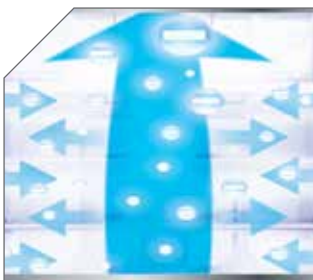

LED Control Panel

Customise the temperature to keep food fresher for longer. Featuring four smart operation modes - including Eco Mode, an energy saving setting which automatically adjusts the temperature and Rapid Cooling which cools quickly to preserve the freshness of food.

Triple Twist Ice Trays

Release ice cubes from trays with a simple twist action into the collection box.

Twin Fan Multi Airflow System

Twin ventilator fans blow and circulate air at various levels throughout the refrigerator and freezer compartments. This allows for even cooling distribution and keeps food fresher for longer.

Large Capacity

With a large internal width of 800mm you have maximum storage capacity and more usable space for items such as bulky groceries and large platters.

Ergonomic and User Friendly

Designed for frequent access, the refrigeration compartment that is accessed most commonly is positioned at chest height. The separate drawers are placed conveniently from waist height down, providing quick and easy access.

Vegetable Drawer

Designed to store fruit and vegetables. Some require more humidity than others, that is why the humidity controls will help to regulate the amount of moisture in the crisper.

Large Bottle Pockets

The smart big bottle door pocket is designed for convenient storage and retrieval of large and small bottles.

Tempered Glass Shelves

The Tempered Glass Shelves are easy to clean, heat resistant and built to withstand up to 101 kilograms of weight.

Bottom Mount

2 & 3 DOOR BOTTOM FREEZER REFRIGERATORS

Designed to position the most used compartment on the top at eye level height. Easy to open from the top, bottom or side. Convenient access with less bending.

Perfect for apartment living or a smaller cavity space as it features our celebrated humidity drawer, an automatic ice maker and convenient freezer drawer. (MR-C405, MR-C375)

MR-BF390

MR-C375

Three Way Flexi Shelf

Slide the plastic shelf halfway back for taller items in front or fold right back to create more space. (MR-C405, MR-C375)

LED Light

The energy efficient LED light will illuminate your refrigerator up to 50 times longer than an average refrigerator light bulb. (MR-C405, MR-C375)

Vegetable Drawer

Designed to maximise the freshness of produce. The drawer features a higher humidity than the main refrigerator compartment and is ideal for storing and keeping fruit and vegetables crisper and fresher for longer. (MR-C405, MR-C375)

Tempered Glass Shelves

The Tempered Glass Shelves are built to withstand up to 101 kilograms of weight.

Freezer Drawer

It is roomy enough to fit bulky items such as ice cream tubs, loaves of bread and frozen vegetables. The top tray is ideal for storage and organisation of flat pack items such as meat packs.

Ergonomic and User Friendly

The refrigeration compartment that is accessed most commonly is positioned at chest height. The separate drawers are placed conveniently from waist height down, providing quick and easy access.

Sliding Chilled Case

Equipped with a smooth-sliding roller, the Sliding Chilled Case allows for easy access. Great for storing dairy products, fresh fish or meat and chilling drinks. Food is stored around 0°C, ensuring longer lasting freshness. (MR-C405, MR-C375)

Door Alarm System

The Refrigerator Compartment and the Freezer Drawer have separate Door Alarms which sound when open for over a minute.

Automatic Ice Maker

As there is no separate plumbing connection required, the fridge can be placed anywhere, not just near existing pipeworks. Simply fill the removable water tank and the Ice Maker is ready to go! (MR-C405, MR-C375)

Top Mount

2 DOOR TOP FREEZER REFRIGERATORS

The smart elevating shelf function is a unique time and space saving feature, helping to maximise the usable space in the refrigerator compartment.

MR-508

MR-420

Elevating Shelf

Simply slide the lever and you can raise or lower each shelf by up to 40 mm. There is no need to remove any items from the shelf... what could be easier than that! (MR-560, MR-508)

Flexible Glass Shelf

A unique feature that allows easy removal of the shelf to create the space you want. Use two full glass tiers, or fold the shelf half way back. (MR-560, MR-508)

Anti-Bacteria Food Liner

An Anti-bacteria liner and Titanium filter create a lifetime anti-bacteria hygienic environment for your food.

Adjustable Door Shelf

Offering storage to suit your needs, each pocket being adjustable for different shapes and sizes.

Tempered glass shelves

The Tempered Glass Shelves are easy to clean, heat resistant and built to withstand up to 101 kilograms of weight.

Sliding Chilled Case

Equipped with a smooth-sliding roller, the Sliding Chilled Case allows for easy access. Great for storing dairy products, fresh fish or meat and chilling drinks. Food is stored around 0°C, ensuring longer lasting freshness.

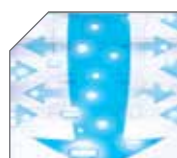

Large Tower Light

The refrigerator is brightly illuminated by a tower-style light making it easy to see the contents.

Revolving Ice Tray

Ice cubes are released from the tray with a simple twist of the revolving handle.

Surround Cooling System

Mitsubishi Electric's innovative Surround Cooling System distributes a constant stream of chilled air to each shelf ensuring every corner of the refrigerator is cooled evenly. All areas inside the refrigerator, even door pockets, quickly regain optimum cooling temperatures after opening. (MR-455, MR-420, MR-385)

Top Mount

2 DOOR TOP FREEZER REFRIGERATORS

Our compact Top Freezer 260L will perfectly suit a small apartment or unit. Combining functionality with stylish design and LED lighting system, the MR-260 is an ideal addition to any kitchen and is available in white or stainless steel facade.

MR-260

Up Right Freezer

1 DOOR FREEZER

Our classic upright freezer is designed with energy efficiency in mind.

With transparent drawers, slim upright stature and rapid freeze function, it is the perfect addition to any home.

MF-U160
160 Litres

White

External Temperature Control

The External Temperature Control Panel allows adjustments to be made easily without losing cool air. The Transparent Drawers keep the freezer cooler by minimising loss of cool air.

Transparent Drawers

Allow for quick and easy selection of items, minimising the amount of time spent with the door open, reducing the loss of cold air, saving energy.

Frost Free Freezer

Say goodbye to manually defrosting your freezer. The Mitsubishi Electric Frost Free Freezer automatically prevents ice build-up.

Slim Line Upright Design

The modern slim line design features a door that swings open to 90 degrees, allowing for the easy removal of drawers for cleaning.

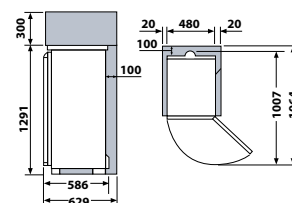

Rapid Freeze Mode

To freeze items quickly, simply press the "Rapid Freeze" button to activate the special fast-freeze cycle, locking in freshness.
